

BEYOND WORDS

Coat of Arms Activity

Without using words, symbols can tell us what to do, where to go and what to avoid. They can tell others who we are, what we believe and what we support. In *Beyond Words*, learn the fascinating history of symbols and the power they have in our world.

A coat of arms is a symbol that represents a family, person or town. They're filled with meaningful symbols, and can have multiple parts: a shield, supporters on either side holding it, a helmet and crest on top and a motto along the bottom. Create your own coat of arms below. Consider colors, animals, flowers and shapes that represent what makes you uniquely you.
